What We Have Been Doing And What Is To Come.

### Community News: Round Up From December

We would like to thank the families who attended the intergenerational Christmas meal for coming along and joining in both with the meal and with the activities. This marked the start of a project that will last through the spring term. The young people involved will be working with Michael from Salford CVS, Miss Ellis and myself to look at ways in which we can raise awareness about how to promote good health and wellbeing in older people.

The Christmas fair was very well attended—it was brilliant to see so many families and wider community members having a good time and connecting with one another.

The Christmas holiday club went very well. The children had a great time with their friends and enjoyed the activities on offer over the two days. Each child received a meal box to take home and prepare, including fresh ingredients and recipe cards.

### COMING IN JANUARY
